FARM to School

Fresh, Local Watermelon

This month, students will enjoy the juicy, sweet flavor of a fresh summer watermelon with breakfast. Really considered a vegetable, not a fruit, as a member of the cucumber family, this sweet treat is one of our most popular farm-to-school fruits.

Our watermelons come to us from **GEORGE PERRY AND SONS** a family-owned farm that started over 90 years ago. Just 56 miles away in Manteca, CA, the heart of the Central Valley – this area is known as the most productive agricultural region in the state, providing over half of the fruits, vegetables, and nuts grown in the U.S.
