FARM TO SCHOOL

Modi APPLES

from

JJB Family Farms is one of our newest farm partners, located in Grand Island – just 8.5 miles from Sacramento. Summed up: they believe in delighting the world with their Modi apple.

The Modi apple is a proprietary Mediterranean apple variety first developed in Northern Italy. It is perfectly suited for our Mediterranean Delta regional climate and soil conditions.

This apple is just the right balance of sweet and tart, crispy and juicy. We want all of our students to experience the Modi crunch, unique shape and deep red color.
