We're thrilled to add Youngstown's Distributors to our Farm to School Program. Youngstown's family farm in Reedley, California, is often called the "Picnic Basket of the World" because all of the incredible tree fruit found in the area. For generations the family has grown delicious stone fruits and is committed to always harvesting their fruit at the peak of the season ensuring the very best flavor. This June, our lunch menu will feature some of their fresh peaches grown in next door Kingsburg, CA, just three hours from The Central Kitchen!
